DISCLAIMER: The flood hazard boundary maps and other flood data used by the City of Houston in evaluating flood hazards to proposed developments are considered reasonable and accurate for regulatory purposes and are based on the best available scientific and engineering data. On rare occasions, greater floods may occur and flood heights may be increased. Construction standards required by the City of Houston Floodplain Management are the minimum standards deemed necessary to minimize or eliminate flood damage, but reliance on these minimum standards shall not create liability on the part of the City of Houston or any other employee of the City of Houston in the event flooding or flood damage occurs. Please review Guidelines issued for Chapter 19 of the Code of Ordinances for more information.
